### **Gain a recognized training qualification**

#### **Become a Certified Training Professional (CTP)**

Certified Training Professional (CTP) is an international qualification in training which was developed by the ECDL Foundation and is licensed in Ireland by ICS SKILLS. CTP defines an objective standard for **instructor led training** and provides a mechanism for trainers to have their competence recognised and certified. The CTP programme has two streams, for **experienced trainers** and for **new or aspiring trainers**.

#### **Are You an Experienced Trainer?**

Experienced trainers attend a three-day CTP Certification workshop before completing a comprehensive report on their skills and abilities, called the Trainers Evidence Record.

#### **Are You new Trainer?**

New and aspiring trainers attend a twelve-day CTP Development course, which incorporates forty hours of training observation, and the CTP Certification programme.

#### **How do you book a place on a CTP course?**

CTP is being by run in Cork by A-1 Computer Centre, in conjunction with ICS SKILLS.
